#### **PRIMARY JOB DUTIES:**

This is skilled work performed for the Department of Transportation. An employee occupying a position in this classification is responsible for performing a variety of mechanical, electrical, hydraulic repairs and preventative maintenance work to ensure the efficient operation of both light and heavy duty equipment, powered by both gasoline and diesel engines. Applicants must have journey-level knowledge and abilities in the following areas:

- Perform preventative maintenance, diagnose and repair all types of gas and diesel powered equipment, including autos, heavy/light trucks, tractors, backhoes, street sweepers, wheel loaders and trailers.
- Troubleshoot, repair and replace brakes, hydraulic systems, lighting systems, fuel systems, and electrical/computer control systems.
- Repair and overhaul transmissions, differentials, front and rear axle assemblies and ignition systems.
- Perform light welding and fabrication.
- Operate standard mechanical and electronic testing equipment, troubleshoot and repair malfunctions.
- Provide technical assistance and direction to automotive service attendants.
- Must provide own tool kit consisting of standard and metric, open end and socket wrenches. Open end wrenches standard size 1/4" through 1-1/4", metric size 6mm through 20mm. Socket sets 1/4", 3/8" 1/2" drive, standard size 1/4" through 1-1/4", metric size 6mm through 20mm. Various pliers, screwdrivers and other hand tools required to perform the essential functions of the job.
- Maintain service, maintenance and repair records.
- Successful candidate must submit a complete tool inventory prior to start date.
- Ability to have predictable and reliable attendance.

**QUALIFICATIONS:**

Journey status and four years of full-time mechanical work experience repairing heavy trucks and/or construction equipment OR completion of vocational or technical school training in heavy-duty mechanics or a recognized heavy-duty mechanics apprenticeship program.

**NECESSARY SPECIAL REQUIREMENTS AT THE TIME OF HIRE:**

- Possession of a valid Washington State driver's license
- Possession of a Class A Commercial Driver's License (CDL) with Class N and Air Brake Endorsement
- Washington State certification to perform vehicle emission testing
- Federal certification to perform air conditioner and brake repair
- ASE Master certification
- Ability to have predictable and reliable attendance
- Ability to work in a team environment and independently

**ALCOHOL AND CONTROLLED SUBSTANCE TESTING:**

As a condition of employment, applicants must submit to and pass a pre-employment alcohol/controlled substance screening. All offers of employment are contingent upon the applicant successfully passing the pre-employment substance test. **Note:** Employees with a CDL are subject to federally mandated post accident, reasonable suspicion, return to duty, follow-up and random alcohol and controlled substance testing.

**PRE-EMPLOYMENT PHYSICAL EXAM:** An offer of employment will be contingent on the success of a pre-employment physical examination.

**UNION MEMBERSHIP:** Positions in this classification will be represented by Local 289, International Association of Machinists and Aerospace Workers.

**CLASS CODE: 8709**  
**SEQUENCE NUMBER: 0102**
